

PFSCM solves complex supply chain challenges by leveraging our expertise with local, regional, and international logistics stakeholders, ensuring that quality health products are accessible in low- and middle-income countries.

Our specialized services include:

Plan

Determining product demand through data analysis and stakeholder input to inform supply planning

Source

Prequalifying vendors and procuring quality products to meet programmatic timelines at best prices

Move

With our on-time, in-full expertise, providing global freight and distribution management, including clearance, waivers, and last-mile delivery into challenging environments

Store

Providing access to a global network of pharma-compliant warehousing, including deployment of compliant modular storage units

Track

Real-time monitoring of purchase order and logistics data to manage and improve performance

Quality

Driven by a culture of quality, both in the products we procure and the services we provide, underpinned by our certified ISO 9001:2015 Quality Management System

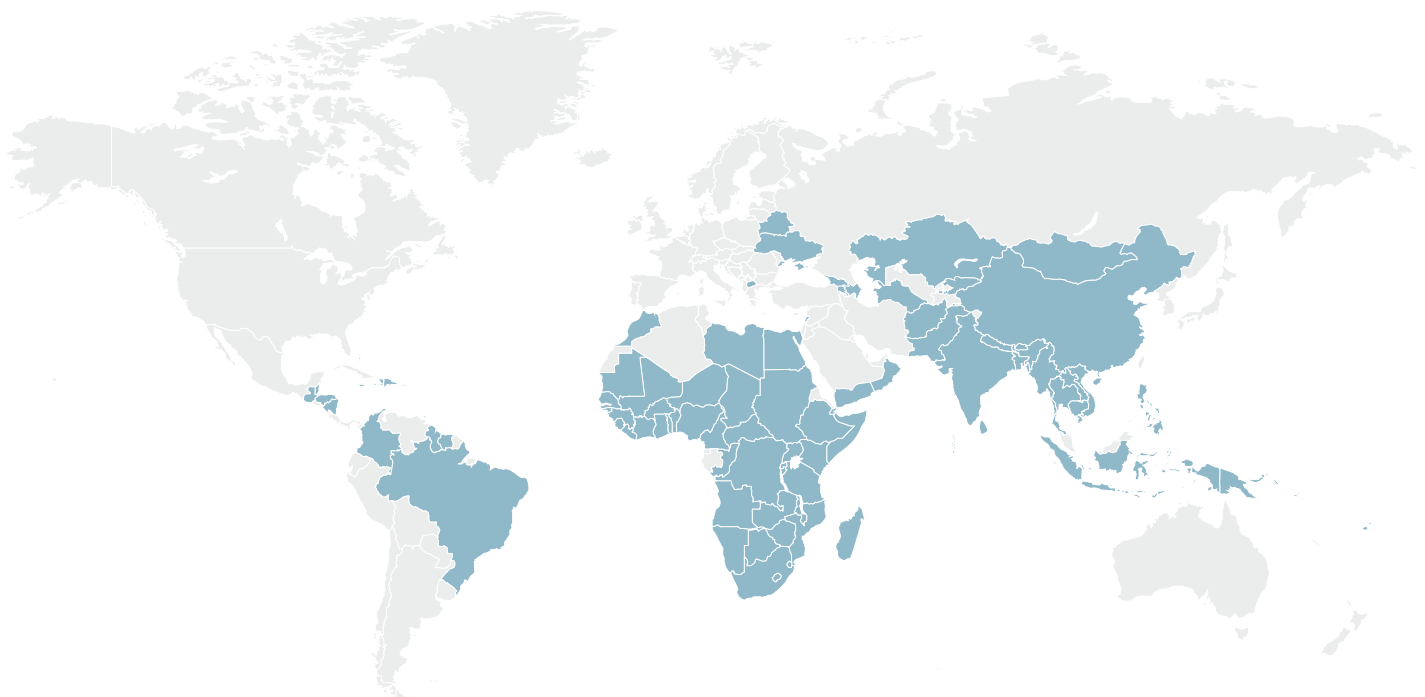

Our Mission

PFSCM strengthens, develops, and manages secure, reliable, cost-effective, and sustainable global supply chains to improve the lives of people in low- and middle-income countries.

Our Partnerships

PFSCM partners with donors, governments, NGOs, and pharmaceutical companies to develop and manage supply chains. Our partners and clients include the Global Fund to Fight AIDS, Tuberculosis and Malaria; the US Agency for International Development; Save the Children Myanmar; the governments of the Dominican Republic and Malawi; Gilead; Janssen; and the Elizabeth Glaser Pediatric AIDS Foundation. PFSCM is also a member of the Partnership for Quality Medical Donations (PQMD).

Our Impact

IN 2017

84%

of deliveries of products to fight HIV and malaria were made on time and in full (OTIF)

MORE THAN

\$5.55 billion

in lifesaving commodities delivered to 101 countries since 2005

ONLY

0.02%

commodity losses thanks to our rigorous security and quality assurance measures

MORE THAN

\$175 million

saved for clients through shipment planning to maximize ocean and road freight and minimize air freight

About Us

Founded in 2005, PFSCM is a nonprofit alliance comprising two organizations that operate and strengthen humanitarian and commercial global supply chains: JSI Research & Training Institute, Inc. (JSI) and Management Sciences for Health (MSH).
