

TRANSFORMING HEALTH SUPPLY CHAINS

PFSCM helps donors, governments, non-profit organizations, and humanitarian agencies to transform their health supply chains into sustainable, lasting mechanisms through cost-saving procurement, efficient logistics, pharmaceutical-grade storage, and real-time shipment tracking.

Our specialized services include:

Value-based sustainable procurement

- ▶ We give our clients access to over 300 reputable international suppliers.
- ▶ We provide technical and implementation advice for complex diagnostics orders.
- ▶ We reduce costs and waste through effective order planning and delivery management.
- ▶ We manage supplier performance, and source strategically to mitigate risk and reduce waste.

Agile health logistics

- ▶ We partner with experienced freight forwarders who care about reducing emissions.
- ▶ We secure importation documents and waivers at the right time, in the right way.
- ▶ We implement proven freight strategies such as load optimization, spot bidding, rate cards and carrier competition to mitigate risk, save costs, and reduce waste.
- ▶ We leverage Track & Trace capabilities and sensing technology to drive supply chain visibility and reduce risk.

OUR QUALITY COMMITMENT

PFSCM's ISO 9001:2015 certified Quality Management System underpins all of our processes, systems, and services. We only procure health products that are: prequalified by the World Health Organization (WHO), approved by stringent regulatory authorities (SRAs), or the International Medical Device Regulatory Forum (IMDRF); and meet national regulatory requirements.

OUR PRODUCT PORTFOLIO

We procure almost any health product, but specialize in prevention, diagnostic and treatment products for COVID-19, HIV, malaria and tuberculosis (TB).

Rapid Diagnostic Tests for COVID-19, HIV, malaria and TB

Viral Load and Early Infant Diagnostics

Other Diagnostics for COVID-19, HIV, TB and Malaria

Laboratory and Medical Supplies, and Medical Devices

Waste Management Systems

Next Generation Sequencers

OUR AFFILIATIONS

Reproductive Health Supplies Coalition (RHSC) | ARV Procurement Working Group (APWG) | AIDS Medicines and Diagnostics Service (AMDS) | Global Logistics Emissions Council (GLEC) | Quality Medicines for All (QUAMED) | United Nations Global Compact | RBM Partnership to End Malaria

OUR IMPACT SINCE 2020

\$1.27 BILLION

worth of orders processed for medical devices such as diagnostic products used in COVID-19, HIV, TB and malaria testing

14

projects served on average annually

CLIENTS IN

110

countries served

6,909

shipments delivered

About Us

Founded in 2005, PFSCM is a nonprofit organization that strengthens public health supply chains, ensuring lifesaving commodities are accessible and available to communities in hard-to-reach places. JSI Research & Training Institute, Inc. is the parent company of PFSCM.
