

The Partnership for Supply Chain Management is a nonprofit procurement agent and supply chain solutions provider serving donors, governments and humanitarian agencies.

We help countries to procure complex diagnostics and laboratory equipment.

We partner with leading 3PLs to deliver hazmat, cold chain and time and temperature sensitive consumables.

We connect countries and global suppliers and help negotiate affordable long-term pricing structures.

We develop sustainable procurement and delivery mechanisms that benefit health programs.

We enable suppliers to access new markets by managing importation and distribution complexities.

We project manage and oversee the full implementation of capital equipment from sourcing to installation and beyond.

## Our Quality Commitment

PFSCM's ISO 9001:2015 certified Quality Management System (QMS) underpins all of our processes, systems, and services. We only procure health products that are: prequalified by the World Health Organization (WHO), approved by stringent regulatory authorities (SRAs), or the International Medical Device Regulatory Forum (IMDRF); and meet national regulatory requirements. Our procurement processes are integrated into our QMS and align with the ISO 20400:2017 standard for Sustainable Procurement.
